

Re: Horton switched and you should too!

With the sale of Wisconsin Automatic Door to the Nippon Air Brake Company, Horton Automatics has decided to part company with Wisconsin Automatic Door and join with TDS Automatic Door, llc.

I understand that changing Service and Installation companies is a difficult decision.

Horton recognizes that too, and because of our 35 years of experience and dedication in the automatic door industry, Horton Automatics has selected us to represent them in this market.

I hope you will give me the opportunity to exceed your expectations with the what I can offer. Horton and TDS Automatic Door will continue to provide to you, the high quality products to which you've become accustomed.

Our Number One priority is to provide excellence in every aspect of what we do – from promptly answering your calls to the installation of high quality Horton products, we intend to amaze you with our great service. Here at TDS Automatic Door, we strive to live up to our name, to be your Total Door Solutions company.

Horton's Regional Manager, Lex Dutch, and I would like to meet with you to explain these changes and to discuss the added value that you will receive by switching to TDS Automatic Door for Sales, Service, and Installation. We know you are very busy but we promise to make it worth your time and think you will really love what we have to offer.

We would love to stop by and introduce ourselves. We know your time is valuable, so please indicate a time and place *convenient for you* so we can meet to discuss a continued future with **Horton**, and **TDS Automatic Door**. In the meantime should you need service or equipment, please give us a call.

You may reach me at: 414 430-7435 or by e-mail tds@wi.rr.com

Kindest Regards

John Lobue / President
